

REMARKS

The present amendment is submitted in order to correct the indefiniteness of claims 1, 6 and 20. In claim 1, reference to a "docking station" has been deleted since there is no antecedent basis in the claim for it, and since it has no bearing on the allowability of the claim. In claims 6 and 20, "said" has been deleted since it is improper terminology since the "disconnecting means" had not been previously presented in the claim.

No new matter has been added.

Respectfully submitted,

By: 

Milton S. Gerstein
